## DCS-931L WI-FI CAMERA

### Features

#### Premium Resolution and Visibility

- High quality VGA CMOS sensor
- Supports H.264/M-JPEG video codecs
- 4x digital zoom for close-up viewing
- Built-in microphone<sup>1</sup>

#### Security

- Sound & motion detection triggers e-mail/push alert notifications
- Save snapshots to your mobile device

#### Ease of Use

- Uses Wireless N technology so you can install the camera anywhere with ease
- WPS support for easy wireless connection
- Extender mode for expanding wireless range
- UPnP support for simple network setup and configuration

#### Convenient Control with mydlink® Support

- mydlink app support for iPhone, iPad, Android and Windows phone
- mydlink portal for easy viewing and management

### Overview

The Wi-Fi Camera (DCS-931L) is a video surveillance solution for your home or small office. The DCS-931L is a standalone surveillance camera that requires no special hardware or software, and can run independently even without a PC and it even includes sound & motion detection. Send e-mail notifications with snapshots whenever sound or motion is detected using just the DCS-931L and an Internet connection. You can even customize areas and volumes to monitor for motion or loud noises - helping you keep watch over entryways or sensitive areas of a room. The built-in Wi-Fi extender provides a convenient way to expand your wireless network by simply placing the camera within your current network area, providing effortless connectivity to more rooms and more devices.

### Convenient Access Anytime, Anywhere with mydlink®

Enhanced with mydlink® support, the Wi-Fi Camera makes it easy and convenient for you to look after your family, pets, home or small business. With a mydlink enabled camera, you can stay connected to everything you love from anywhere, anytime. Access your camera through the mydlink mobile app or website to view and manage your camera through your smartphone, tablet, laptop or desktop, no matter where you are.
