Enhanced Wireless N Day/Night Home Network Camera

Stay Connected to What Matters Most

Throughout your busy week, stay connected to everything that you love 24/7. View your home and keep an eye on your kids, your pets and your valued possessions from anywhere over the Internet and enjoy the peace of mind that comes from knowing everything is safe and secure. Whether you’re out for an evening, at the office or away on vacation, mydlink-enabled cameras let you keep a close, constant eye on all that’s important to you.

Round the clock surveillance

Record up to 5x more footage, see in the dark with night vision, the DCS-942L provides true around the clock surveillance so you can check in on your home at anytime with an internet browser, iPhone®, iPad® or Android™ device. No complicated setup is required when you use mydlink. Just log-in, choose your camera and start viewing. Take mydlink on vacation or to work and have peace of mind wherever you go. The DCS-942L has H.264 enhanced video compression that allows you to record up to 5x more footage to the built-in microSD card slot, when compared to MJPEG. The camera also comes with enhanced motion detection and night vision that lets you see up to 15 feet in pitch black. Get peace of mind, check in on your home wherever you are, and stay connected to what matters most.

Benefits of mydlink™

mydlink™ provides you with simplified management in 3 easy steps, giving you quick access to your digital life all from one convenient location. Get peace of mind by keeping an eye on your kids, pets, home or office by simply logging on to the mydlink website (http://www.mydlink.com) or opening the mydlink app.
