

Dual band performance for
video streaming and gaming

Control and monitor your network
from anywhere with cloud services

Wirelessly access your saved
media from any USB drive

Cloud Router 2000

Wireless N600 Dual Band Gigabit Router with Cloud Services

Product Highlights

Dual Band Performance for video streaming and gaming

Control and monitor your network from anywhere with Cloud Service

Wirelessly access your saved media from any USB drive

Four Gigabit ports for blazing wired connectivity

Benefits of Dual Band

The Cloud Router 2000 (DIR-826L) uses dual band technology to support 2.4GHz & 5GHz wireless signals at the same time. This allows you to check e-mail and browse the Internet using the 2.4GHz band while simultaneously streaming High-Definition (HD) movies and other media on the cleaner 5GHz band. The DIR-826L is designed for users looking to get a true HD wireless connection throughout the house, while being backward compatible with existing 802.11g and 802.11a products.

Mobility and network control in the palm of your hand

Not only is this a powerful Wi-Fi router for creating a fast and secure home network, you get the added benefit of cloud access. Keep in touch with your network from anywhere with our free Smartphone and Tablet apps and web portal (mydlink.com)

Package Contents

- Cloud Router 2000
- Ethernet Cable
- Power Adapter
- Quick Install Guide¹

Minimum System Requirements

Computer with:

- Windows[®] 7, Windows Vista[®], Windows[®] XP SP2², or Mac OS[®] X (v10.4)³
- Internet Explorer[®] v6, Mozilla[®] Firefox[®] v3.0, Google Chrome or Safari
- CD-ROM Drive
- Network Interface Card

For Internet Access:

- Cable or DSL Modem
- Subscription with an Internet Service Provider (ISP)

Mobile Apps:

- SharePort Mobile App Requires iOS 4.3 or higher

Suggested Products:

- D-Link Xtreme N[®] Dual Band USB Adapter (DWA-160)

Features

- IEEE 802.11a, 802.11n, 802.11g
- + Speeds up to 600Mbps (300Mbps + 300Mbps)⁴
- + Wi-Fi Protected Setup™ (WPS) Push Button
- + Intelligent QoS Engine for traffic optimization
- + USB 2.0
- + IPv6 Certified
- + 4 Gigabit Ethernet Ports
- + Support for Secure Wireless Encryption using WPA™ or WPA2™
- + 24/7 Basic Installation Support⁵
- + 1-Year Limited Warranty⁶

With mydlink Cloud Services you can:

- See what devices are connecting to your network
- View web browsing history in real time
- Block unwanted device connections
- Set up automatic email alerts

USB Port

You can connect a USB storage device, providing access to music, videos, or files through your network storage for everyone to share.

4 Gigabit Ports

The DIR-826L also comes with 4 Gigabit ports for connecting Ethernet-enabled devices. This lets you connect up to 4 entertainment devices for super-fast connections. This is perfect for an entertainment system. You can also use this to hook up a home office.

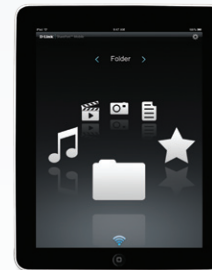

mydlink™ Lite App

Free mobile app for monitoring and controlling your network from anywhere

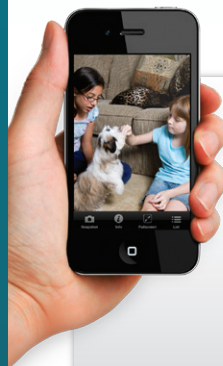

Control and monitor your network from anywhere. Access security and network information and view web browsing history all through the free mydlink Smartphone app or web portal. Never worry about the security of your home network again.

SharePort Mobile App

Free mobile app for enjoying your media files

Enjoy your videos, music and photos from your Smartphone or Tablet. Just download the free app and connect an external hard drive or other USB drive to your SharePort Mobile-enabled D-Link router.

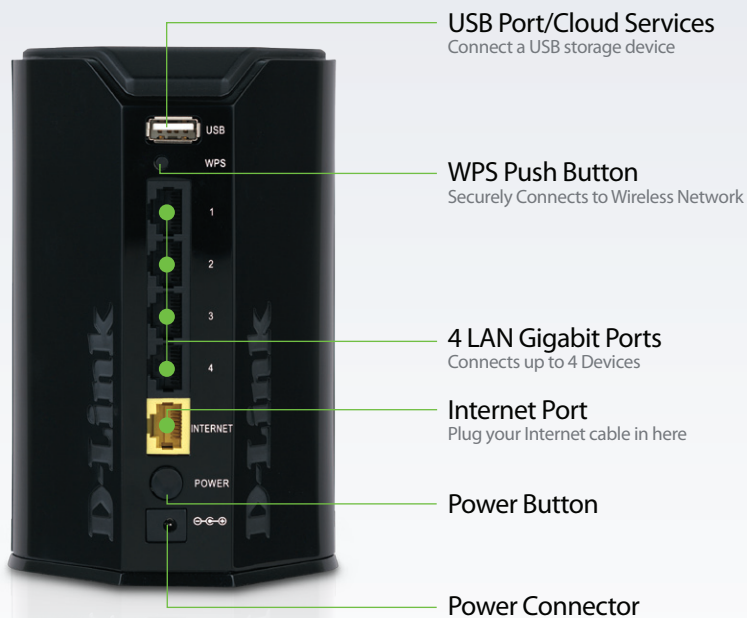

Add a Cloud Camera

- Keep an eye on what's important from anywhere
- Easily view & manage your camera from mydlink.com

Technical Specifications

Standards

- IEEE 802.11g
- IEEE 802.11n
- IEEE 802.11a
- IEEE 802.3
- IEEE 802.3u
- IEEE 802.3ab

Ethernet Interface

- 10/100/1000 Gigabit Ethernet Port

Security

- Wi-Fi Protected Access (WPA/WPA2)
- WPS™

LEDs

- Power
- Internet

Power

- DC 12V

Operating Temperature

- 30° to 104° F (0° to 40° C)

Operating Humidity

- 10% to 95% non-condensing

Certifications

- FCC
- IC
- IPv6
- Wi-Fi®

Dimensions

- 4.37" x 3.66" x 5.71"
(111 x 92.96 x 145 mm)

Warranty

- 1-Year Limited Warranty⁶

¹Latest software and documentation are available at <http://support.dlink.com>.

²Computer must adhere to Microsoft's recommended System Requirements.

³The software included with this product is not Mac-compatible.

⁴Maximum wireless signal rate derived from IEEE Standard 802.11 specifications. Actual data throughput will vary. Network conditions and environmental factors, including volume of network traffic, building materials and construction, and network overhead, lower actual data throughput rate. Environmental factors will adversely affect wireless signal range. Wireless range and speed rates are D-Link RELATIVE performance measurements based on the wireless range and speed rates of a standard Wireless G product from D-Link. Maximum throughput based on D-Link Wireless N devices.

⁵24/7 Basic Installation Support is available only in the USA for the first 30 days from date of original purchase. An additional 60 days of Basic Installation Support (for a total of 90 days from date of original purchase) is available in the USA by registering this product at www.dlink.com/register within the aforementioned 30-day period. Extended premium support available.

⁶1-Year Limited Warranty available only in the USA and Canada.

All references to speed and range, including the performance chart, are for comparison purposes only. Product specifications, size, and shape are subject to change without notice, and actual product appearance may differ from that depicted on the package. See inside package for warranty details.
