Product Highlights

Catch Everything with Pan and Tilt

Pan and tilt lets you move the camera to get the perfect view, even when you're not there; it's ideal for keeping watch over an entire playroom

Transform Your Mobile Device Into a Baby Monitor¹

Whether you're at home or away at work, you can conveniently watch over your baby on your iPhone®, iPad®, or Android™ mobile device

mydlink® BabyApp

The free mobile app gives you effortless access to advanced features like two-way audio, notifications, lullabies, snapshots, video recording and more

The Pan & Tilt HD Wi-Fi Baby Camera (DCS-855L) is specially designed to make it easy for you to care for your baby. Its versatile all-day monitoring turns on night vision automatically when its get dark, giving you a clear picture day or night so you can keep an eye on things anytime. Receive notifications when sound, motion or a temperature change is detected. Not only can you see and hear your infant but you can also comfort them with one of five built-in lullabies or even the sound of your voice through two-way audio.

Pan & Tilt for Corner to Corner Coverage

Unlike most baby monitors, the Pan & Tilt HD Wi-Fi Baby Camera can pivot up, down, left and right at your command, giving you the ability to watch over a large room effortlessly. Whisper quiet motors let you move the camera's view without waking your sleeping child.

HD Monitoring Experience

Monitoring your baby with the Pan & Tilt HD Wi-Fi Baby Camera is easier than ever with the confidence of 720p HD video clarity, ensuring rich detail and crisp image quality for your surveillance recordings, day or night.

Features

- 720p HD resolution for a detailed image
- Whisper-quiet pan and tilt functionality lets you view a larger area with ease
- Night vision with infrared LEDs turns on automatically when it gets dark
- MicroSD/SDHC card slot for recording snapshots and videos triggered by motion or sound³
- Can be powered by an external USB battery³
- 5 soothing lullabies built-in
- Interchangeable accent color rings

Intelligent Baby Monitoring

- Sound detection alerts you of loud noises, such as your baby crying
- Motion detection lets you know if the camera detects movement
- Temperature monitoring informs you if the room becomes too hot or cold
- Notifications can be sent to your mobile device for detected events
- Two-way audio lets you hear your baby and allows you to respond and calm your child

Convenient Control With Your Mobile Device

- The mydlink® Baby app helps you set up your device and gives you easy access to all functions.
- The free mydlink® Baby app is available for iPhone, iPad and android devices

Perfectly Portable for Instant Monitoring Anywhere

In addition to normal home usage, you can also take the Pan & Tilt HD Wi-Fi Baby Camera with you when traveling with your child, even when there is no available Internet connection. Just connect your mobile device to the DCS-855L's wireless network for instant local monitoring, making it perfect for family vacations or just visiting friends. You can even connect it to an external USB battery for total portability!

mydlink® Baby App

Getting started is a snap; the free mydlink® Baby app for iPhone, iPad and Android mobile devices not only guides you step-by-step through the setup process, but also gives you an easy to use interface for all the advanced features of the Pan & Tilt HD Wi-Fi Baby Camera. Check on your baby at a glance, pinch to zoom with ease and even take snapshots or video clips and save them directly to your mobile device!
